Technologies and Skills

- Languages: Java, C#, Dart, JavaScript, TypeScript, SQL, Kotlin, HTML, CSS
- Frameworks & Libraries: React, Tailwind CSS, Vite
- Technologies: Spring Boot, Spring Cloud, RabbitMQ, ASP.NET, Firebase
- Databases: MySQL, PostgreSQL, SQLite
- Tools: Git, Docker, Maven, JUnit, Visual Studio, VS Code, IntelliJ, Android Studio, Visual Paradigm
- Other: Excali Draw

Experience & Projects

Software Dev **SwiftMove - Moving Platform** **Current**
Backend & Frontend team Waterloo, Canada

- Built a microservice based moving platform using Spring Boot and React, enabling scalable client driver matching
- Implemented JWT-based authentication, price calculation algorithms, and real-time notifications
- Designed backend services with Spring Cloud (Eureka, Gateway) for service discovery and API routing
- Integrated geocoding using OpenStreetMap (Nominatim) for address and route handling
- Tech: Java 21, Spring Boot, Spring Cloud, React 18 + TypeScript, PostgreSQL (Docker), RabbitMQ, Docker, Maven, JUnit

Software Dev **Task Collab App - Web** **2025**
Backend team Waterloo, Canada

- Completed fully functional backend and led backend development.
- Contributed ~90% to backend and ~20% to frontend development using ASP.NET, C#, for a Backend API, frontend built with React, HTML, CSS, and Bootstrap, GitHub used for version control.
- Implemented real-time notifications across the application using SignalR Hub pipelines.
- Applied Command pattern, Factory, Service, SOC, Decorator, DTO, and Clean Architecture patterns to improve maintainability and scalability.
- Used a local database environment for development and testing purposes.

Software Dev **Meditation App - Mobile** **2025**
Features Team Waterloo, Canada

- Implemented “Sounds” and “Habit Tracker” features and contributed to other app features (30%) using Flutter, Dart, and GitHub for versioning
- Firebase, local database (SQLite) for local and remote syncing

Education and Certifications

- **Advance Diploma . Computer Programming and analysis ,** Conestoga College Waterloo. **2023 - 2026**
- **OSSD . Highschool Diploma,** Lakeshore Catholic High School Port Colborne. **2019 - 2023**

Education Details

- 3 years of hands-on experience collaborating with classmates in team-based environments to design and develop small- to medium-scale applications.
- Applied software development methodologies include Agile and Waterfall, with an understanding of planning, sprints, and documentation workflows.
- Implemented and applied common software design patterns while building projects, focusing on clean architecture, maintainability, and scalability.
